V. The following paragraph contains errors in grammar, word choice, punctuation and sentence structure. Rewrite it correctly. (1×10=10)

Online learning have changed the way education is delivered across the world. Students now attends classes from their homes using laptops and mobile phones. However, many students faces difficulties because they is not familiar with digital tools. Technical problems like poor internet connection and software issues makes learning frustrating. Teachers also struggle to explain concepts clearly through virtual platforms and students often loses interest quickly. Although online education provides flexibility, it do not always ensure proper understanding of subjects. Some students even copies assignments from the internet without understanding the content. This habit reduces their critical thinking skills and affects their academic growth in long term.

VI. Prepare a technical report on the title : (1×10=10)

"Study of the effect of internet speed on online learning efficiency" using the following hints :

Hints :

- Setup : students attending online classes with different internet speeds
- Method : comparing learning performance under fast vs slow internet
- Parameters : lag time, content completion rate, understanding level
- Observation and findings
- Conclusion

VII. Answer **any two** of the following questions : (2×5=10)
