ABOUT US

Swamy Vivekananda Rural Education Society is a non-profit organization established by philanthropic individuals of the farming community from villages around Chandapura. This organization is registered in the year 1963 under Societies Registration Act, Govt. of Karnataka. It has been serving the society for nearly 60 years in the field of education, upliftment of students belonging to labourer's, farmers and other economically backward communities. With the blessings of his holiness Sri Sri Sri Shivakumara Swamiji of the Siddaganga Mutt, the first institution viz., Kannada Medium High School was initiated with a section of about 60 students. Presently, the organization is spread over 5 acres of land and caters to about 5000 students pursuing kindergarten to under-graduate courses, with institutional wings - Higher Primary School, English Medium School, ICSE School, Pre-University College and First Grade College. This is an Institution rooted in the traditions and values of our motherland. It aims to empower rural students through a holistic, meaningful, dynamic and disciplined education.

Dear Stakeholders,

Swamy Vivekananda Rural First Grade College (SVRFGC) started in the year 2005 with B.Com. course, subsequently BBA course was added during 2009 and BCA was added in 2024. Presently, we have about 700 students studying in our college.

The Institution has been working towards its Motto "Inspiring Excellence" for the past 20 years.

As we step into this new academic year, filled with hope and dreams of scaling new heights, I wish to reiterate a few aspects that students have to keep in mind. The purpose of education is drawing out the best in students, leading to rational thinking.

The overall development of the mind and body is a sign of a healthy and complete development. The goals of our students would be realised through highly qualified experienced and dedicated teaching faculty coupled with excellent infrastructure. The students are encouraged to take advantage of the opportunities provided by the college and involve themselves in all the extra - curricular activities.

Hardwork, dedication and perseverance are the most important traits in a person that lead to success. As the future belongs to you, your needs and hence you are required to prepare yourself for an active participation in this competitive world. This participation demands that you become well informed and hence develop yourself like a pioneer and ultimately grow as a responsible citizen of this country.

Choosing where to continue your education is a major decision. If you are ambitious and determined to succeed, I strongly believe and suggest that SVRFGC will be your first choice. As a result of our strong foundation and quality of faculty, we are able to focus on the needs of individual student.

My best wishes to the new students entering SVRFG College.
